For chapter: “Ch.” plus the chapter number;

For section: “Sec.” plus the section number;

For subsection: Indicating section as above, immediately followed by subsection number;

For paragraph: “Para.” plus the paragraph number;

For subparagraph: Indicating paragraph as above, immediately followed by the subparagraph number.

1.102 **Purpose.** It is the intention of the Council that this code will serve as a modernized and streamlined version of the ordinances of the City, presented in an orderly manner, with obsolete and unneeded ordinances and portions thereof deleted.

SECTION 1.2 – EFFECT OF ORGANIZATION AND IDENTIFYING DESIGNATIONS

1.201 **Organization and Designation of a Part of Code.** The organization of this code is an integral part thereof, and chapter, section and subsection titles, section numbers and section headnotes are hereby made a part of this code, and may be amended and revised in the same manner as are the provisions of this code.

1.202 **Effect of Organization and Designation.** The organization of this code and chapter, section and subdivision titles, section numbers and section headnotes may be considered in ascertaining the intent of the City council in enacting provisions of this code, but in case of conflict, the provisions of any section control over organization and designations, and specific designations control over general designations.

1.203 **Cross References, Table of Contents, Appendix and Index.** Cross references, the Table of Contents, all Appendixes, the Index and other supplemental materials not expressly made a part of this code are included merely to assist the user of the code and do not form any part of it.

SECTION 1.3 – CONSTRUCTION OF PROVISIONS

1.301 **Construction of Words and Phrases.** In construing this code, the following canons of interpretation are to govern, unless their observance would involve a construction inconsistent with the manifest intent of the City council, or be repugnant to the context of the relevant provisions of this Code:

A transposition of words and clauses may be resorted to when a sentence is without meaning as it stands. Punctuation shall not control over the intention of the City Council in the enactment of a provision. Words and phrases which do not conflict with the obvious purpose and intent of a provision nor in any way affect its scope and operation may be added when necessary to the proper interpretation of the provision.

1.304 **Irreconcilable Provisions.** Provisions are to be construed so that effect may be given to each. In case of conflict, they shall be construed as follows, in the priority listed:

- (1) If a special provision is in irreconcilable conflict with a general provision, the special provision will prevail and be construed as an exception to the general provision unless the general provision has been enacted later and shows a manifest intention of the Council that the general provision shall prevail.
- (2) If enacted at different times, the latest in date of enactment will prevail.

1.305 **Amendments.** This code may be amended by subsequent ordinances. Amendments shall be given the same force and effect from the date which they become effective as is given to the original provisions of this code. Amendments shall be construed in accordance with their manifest intent of the Council in their enactment when lawfully enacted even though the amendments are irregular or deficient for some reason in the manner in which they amend this code.

3.403 Establishment of Civil Defense Agency.

- (1) There is hereby created within the city government a civil defense agency, which shall be under the supervision and control of a director of civil defense, hereinafter called the director.
- (2) The director shall be appointed by the mayor for an indefinite term and may be removed by him at any time. The director may be compensated at a rate to be determined by the city council and he shall be paid his necessary expenses. The director shall have direct responsibility for the organization, administration, and operation of the civil defense agency, subject to the direction and control of the mayor. The civil defense agency shall be organized into such divisions and bureaus, consistent with state and local civil defense plans, as the director deems necessary to provide for the efficient performance of local civil defense functions during a civil defense emergency. The civil defense agency shall perform civil defense functions within the city and, in addition, shall conduct such functions outside the city as may be required pursuant to the provisions of the Minnesota Civil Defense Act of 1951 as amended.

3.404 Powers and Duties of the Director.

- (1) The director, with the consent of the mayor, shall represent the city on any regional or state organizations for civil defense. He shall develop proposed mutual aid agreements with other political subdivisions within or outside the state for reciprocal civil defense aid and assistance in a civil defense emergency too great to be dealt with unassisted, and he shall present such agreements to the council for its action. Such arrangements shall be consistent with the state civil defense plan and during a civil defense emergency it shall be the duty of the civil defense agency and civil defense forces to render assistance in accordance with the provisions of such mutual aid arrangements. Any mutual aid arrangement with a political subdivision of another state shall be subject to the approval of the governor.
- (2) The director shall make such studies and surveys of the manpower, industries resources, and facilities of the city including Fallout Shelters as he deems necessary to determine their adequacy for civil defense, and to plan for their most efficient use in time of a civil defense emergency.
- (3) The director shall prepare a comprehensive general plan for the civil defense of the city which will include a Community Shelter Plan utilizing the established Fallout Shelters and shall present such plan to the council for its approval. When

the council has approved the plan by resolution, it shall be the duty of all municipal agencies and all civil defense forces of the city to perform the duties and functions assigned by the plan as approved. The plan may be modified in like manner from time to time. The director shall coordinate the civil defense activities of the city to the end that they shall be consistent and fully integrated with the civil defense plans of other political subdivisions within the state.

- (4) In accordance with the state and city civil defense plan, the director shall institute such training programs and public information programs and shall take all other preparatory steps, including the partial or full mobilization of civil defense forces in advance of actual disaster, as may be necessary to the prompt and effective operation of the city civil defense plan in time of a civil defense emergency. He may, from time to time, conduct such practice air-raid alerts or other civil defense exercises as he may deem necessary.
- (5) The director shall utilize the personnel, services, equipment, supplies, and facilities of existing departments and agencies of the city to the maximum extent practicable. The officers and personnel of all such departments and agencies shall, to the maximum extent practicable, cooperate with and extend such services and facilities to the local civil defense agency and to the governor upon request. The head of each department and agency, in cooperation with and under the direction of the director, shall be responsible for the planning and the programming of such civil defense activities as will involve the utilization of the facilities of this department or agency.

To the extent that such emergency personnel are recruited to augment a regular city department or agency for civil defense emergencies, they shall be assigned to such department or agency for purposes of administration and command. The director may dismiss any civil defense volunteer at any time and require him to surrender any equipment and identification furnished by the city.
- (7) Consistent with the civil defense plan, the director shall provide and equip emergency hospitals, casualty stations, ambulances, canteens, evacuation centers, and other facilities, or conveyances for the care of injured or homeless persons.
- (8) The director shall carry out all orders, rules, and regulations issued by the governor pertaining to civil defense.
- (9) The Civil Defense Director shall direct and control the general operations of all local civil defense forces during a civil defense emergency in conformity with controlling regulations and instructions of State Civil Defense authorities. The

heads of departments and agencies shall be governed by his or her orders in respect thereto.

- (10) Consistent with the civil defense plan, the director shall provide and equip at some suitable place in the city an Emergency Operating Center and, if required by the local civil defense plan, auxiliary centers to be used during a civil defense emergency as headquarters for direction and control of civil defense forces. He or she shall arrange for representation at the center by municipal departments and agencies, public utilities and other agencies authorized by Federal or State authority to carry on civil defense activities during a civil defense emergency. He or she shall arrange for the installation at the Emergency Operating Center of necessary facilities for communication with and between heads of civil defense divisions, the stations and operating units of municipal services and other agencies concerned with civil defense and for communication with other communities and Emergency Operating Centers, within the surrounding area and with the Federal and State agencies concerned.

3.405 General Provisions on Civil Defense Workers.

- (2) Each civil defense volunteer shall be provided with such suitable insignia or other identification as may be required by the director. Such identification shall be in a form and style approved by the Federal government. No volunteer shall exercise any authority over the persons or property of others without his identification. No person except an authorized volunteer shall use the identification of a volunteer or otherwise represent himself to be an authorized volunteer.
- (3) No civil defense volunteer shall carry any firearm while on duty except on written order of the chief of the police department.
- (4) Personnel procedures of the city applicable to regular employees shall not apply to volunteer civil defense workers, but shall apply to paid employees of the civil defense agency.

3.406 Emergency Regulations.

- (1) When used in this section, the term “civil defense emergency” includes, in addition to the meaning given in Section 3.402, Subdivision 2, disasters caused by fire, flood, windstorm, or other natural causes.
- (2) Whenever necessary to meet a Civil Defense emergency or to prepare for such an emergency for which adequate regulations have not been adopted by the governor

or the city council, the mayor may by proclamation promulgate regulations, consistent with applicable Federal or State law or regulation, respecting: protection against nuclear missiles; the sounding of attack warnings; the conduct of persons and the use of property during emergencies; the repair, maintenance, and safeguarding of essential public services; emergency health, fire, and safety regulations, trial drills, or practice periods required for preliminary training; and all other matters which are required to protect public safety, health, and welfare in civil defense emergencies.

- (3) Every proclamation of emergency regulations shall be in writing and signed by the mayor; shall be dated; shall refer to the particular civil defense emergency to which it pertains, if so limited; and shall be filed in the office of the city clerk, where a copy shall be kept posted and available for public inspection during business hours. Notice of the existence of such regulation and its availability for inspection at the clerk's office shall be conspicuously posted at the front of the city hall or other headquarters of the city and at such other places in the affected area as the mayor shall designate in the proclamation. Thereupon the regulation shall take effect immediately or at such later time as may be specified in the proclamation. By like proclamation they may modify or rescind any such regulation.
- (4) The city council may rescind any such regulation by resolution at any time. If not sooner rescinded, every such regulation shall expire at the end of 30 days after its effective date or at the end of the civil defense emergency to which it relates, whichever occurs first. Any ordinance, rule, or regulation inconsistent with an emergency regulation promulgated by the mayor shall be suspended during the period of time and to the extent that such conflict exists.
- (5) During a civil defense emergency the mayor is authorized to contract on behalf of the city for services or for the purchase of merchandise or materials where the amount of the contract or purchase does not exceed \$2,000.00. The mayor may take such action without prior approval of the council, and without compliance with regular purchasing and bidding procedures, but all claims resulting therefrom shall be audited and approved by the council as in the case of other purchases and contract.

3.407 Civil Defense Agency Procedure.

- (1) There is hereby established in the city treasury a special fund to be known as the civil defense account of the General Fund. Into this fund shall be placed the proceeds of taxes levied for civil defense, money transferred from other funds, gifts, and other revenues of the civil defense agency. From it shall be made expenditures for the operation and maintenance of the civil defense agency and other expenditures for civil defense. Regular accounting, disbursement, purchasing, budgeting, and other financial procedures of the city shall apply to the civil defense account insofar as practicable; but budgeting requirements and other

financial procedures shall not apply to expenditures from the fund in any case when their application will prevent compliance with terms and conditions of a Federal or State grant of money or property for civil defense purposes.

- (2) The director shall, as soon as possible after the end of each fiscal year, prepare and present to the city council for the information of the council and the public, a comprehensive report of the activities of the civil defense agency during the year.

3.408 Conformity and Cooperation with Federal and State Authority.

- (1) Every officer and agency of the city shall cooperate with Federal and State authorities and with authorized agencies engaged in civil defense and emergency measures to the fullest possible extent consistent with the performance of their other duties. The provisions of this Chapter and of all regulations made thereunder shall be subject to all applicable and controlling provisions of Federal and State laws and of regulations and orders issued thereunder and shall be deemed to be suspended and inoperative so far as there is any conflict therewith.
- (2) The city council may appoint any qualified person holding a position in any agency created under Federal or State authority for civil defense purposes as a special policeman of the city with such police powers and duties within the city incident to the functions of his or her position, not exceeding those of a regular policeman of the city, as may be prescribed in the appointment. Every such policeman shall be subject to the supervision and control of the chief of police and such other police officers of the city as the chief may designate.

3.409 Penalty. Any person who violates any provision of this Section or of any regulation adopted thereunder relating to acts, omissions, or conduct other than official acts of city officers or employees, is guilty of a petty misdemeanor, and upon conviction may be punished by a fine of not more than \$100.

3.602 **Exceptions.** The provisions of this Section do not apply in case of malfeasance in office or willful or wanton neglect of duty.

This does not repeal or modify Minnesota Statutes 1961, Sections 471.44 and 471.86, but does modify 471.45 insofar as if judgement be rendered against a police officer, the Council shall appropriate moneys from any funds available to pay such judgment.

3.603 **Severability.** If any clause, provision or portion of this Section is adjudged unconstitutional or invalid by a court of competent jurisdiction, the remainder of this Section shall not be affected thereby.

CHAPTER 5

URBAN AND RURAL SERVICE DISTRICTS

5.101 Urban and Rural Service Districts.

- (1) The City of Walnut Grove hereby divides the area within its limits into an Urban Service District and a Rural Service District, constituting separate Taxing districts for the purpose of all municipal property taxes except those levied for the payment of bonds and judgments and interest thereon.
- (2) The Urban Service District shall include all properties within the Limits of the City of Walnut Grove, except those set forth as Rural Service District.

This may include lands outside the City of Walnut Grove which, if annexed, shall be included in the Rural Service District. In the event lands within the Rural Service District include an occupied building site, the building site, which shall consist of ten acres, shall be included in the Urban Service District and the remaining land shall be included in the Rural Service District.

No parcel shall be included in a Rural Service District of ten acres or less and no parcel shall remain in a Rural Service District unless such parcel consists of ten acres or more; provided, however, that if a parcel consists of ten acres or more, a portion of which is used as a residence receiving municipal utility services, ten acres, including the residence, shall continue to be classified as urban.
- (6) In the judgment of the Council of the City of Walnut Grove, the tax to be levied on the lands included in the Rural Service District shall be levied on the same basis as the property taxes levied on North Hero Township property.

- (7) Any parcel within a Rural Service District for ten years without development shall be considered by the Council of the City of Walnut Grove for exclusion from the Rural Service District. By amendment hereof, such parcel shall be included in the Urban Service District if any area adjacent thereto is determined by the Council of the City of Walnut Grove to be substantially developed as urban property.
- (8) No City service beyond that normally provided by the townships of Redwood County will be provided by the City in a Rural Service District, except fire, police and planning services.
- (9) Land in a Rural Service District must be open, rural in character and maintained in farm crops or seeded.
- (10) Grading is not considered as development provided grading is such as to hold storm runoff on the land and not produce storm runoff problems and provided graded acres are cropped or reseeded within one year.

6.101 **Water Department.** There is hereby established a water department, which shall be under the supervision of the City Council. The department shall be responsible for the management, maintenance, care and operation of the water works system of the city.

6.102 **Use of Water Restricted.** No person shall make or use any water service installation connected to the city water system except pursuant to application and permit as provided in this Section. No person shall make or use any such installation contrary to the regulatory provisions of this Section.

6.103 **Application for Service.**

- (1) **Procedure.** Application for a water installation and for water service shall be made to the City Clerk on forms furnished by the city. By his signature, the applicant shall agree to conform to rules and regulations that may be established by the city as conditions for the use of water.
- (2) **Fees or Deposit.** Application for a service installation shall be made by the owner of the property to be served or by his agent. The applicant shall at the time of making application, pay to the city the amount of the fees for deposit required for the installation of the service connection as provided in this Section. When a water service connection has been installed, application for water service may be made by either the owner or his agency or by the tenant or occupant of the premises.

6.104 **Charges for Service Connections.**

- (1) **Permit and Fee.** No connection shall be made to the city water system without a permit received from the city. The fee for each such permit for a water main connection permit shall be set from time to time by Resolution of the Council. These fees shall be in addition to any fees required in Subsection 6.104, Para. (2), (3), and (4).
- (2) **Connection Fees.** When a connection requires installation of a service line from the main to the property line, the applicant for a permit shall hire a licensed plumber to make the necessary connections, taps, and installation of pipe and appurtenances to provide service to the property and the necessary street repairs. All work must be inspected by the city before the excavation is filled in.

- (3) Certification. No permit shall be issued to connect with any water main unless the City Clerk certifies to the truth of one of the following, or payment required is made:
- a. That the lot or tract to be served has been assessed for the cost of construction of the main with which the connection is made or that proceedings for levying such assessment have been or will be commenced in the due course; or
 - b. That the cost of construction of the main has been paid by the developer or builder platting the lot or tract; or
 - c. That if neither of the foregoing is true, a sum equal to the portion of the cost of constructing the main which would be assessable against the lot or parcel has been paid to the city.

6.105 Accounting, Billing and Collecting.

- (1) Bills for Service. Water and sewer service charges shall be billed together. Bills shall be mailed to the customers monthly and shall specify the water consumed and the sewer and water charges in accordance with the rates set from time to time by Resolution of the Council.
- (2) Delinquent Accounts. All charges for water and sewer shall be due on the monthly due date specified by the city of the respective account and shall be delinquent 5 days thereafter. The city shall endeavor to collect delinquent accounts promptly. In any case, where satisfactory arrangements for payment have not been made, the Water Department may, after the procedural requirements have been complied with, discontinue service to the delinquent customer by shutting off the water at the stop box. When water service to any premises has been discontinued, service shall not be restored except upon the payment of all delinquent bills and a fee set from time to time by Resolution of the Council. Delinquent accounts shall be certified to the city clerk, who shall prepare an assessment roll each year providing for assessment of the delinquent amounts against the respective properties served. Water shall not be shut off under Paragraph 6.105(2) or for a violation of rules and regulations affecting utility service until notice has first been given the occupant of the premises involved. The notice shall be mailed and shall state that if payment is not made before a day stated in the notice but not less than 10 days after the due date on which the notice is given, the water supply to the premises will be shut off.

6.106 Protection of Public and City.

- (1) Permit and Bond. A permit for construction and connection of the extension between the building water service pipes and a water main or stub shall be issued only upon application by a master plumber who has furnished a bond either to the clerk or the Secretary of State under Minnesota Statutes 326.40. The bond shall be in the amount of \$5,000 conditioned so as to secure compliance by the principal with the provisions of this Chapter and to further secure performance by him of all work undertaken within the city.

- (2) Liability Insurance. Before undertaking the construction work authorized by the permit, the plumber shall secure and maintain a policy of insurance against damages to property or injury or death to persons. The policy shall indemnify and save harmless the city and its personnel against any claim, damages, or cause of action arising out of the work and from any expenses of defending the same. The general liability insurance shall provide at least a \$300,000 limit per occurrence. Proof of such insurance shall be filed with the city prior to construction work and such policy shall provide that the city shall be notified immediately of any termination or modification of such insurance. If the insurance coverage is inadequate in amount, the master plumber shall indemnify and save harmless the city and its personnel in like manner.

- (3) Apportionment of Costs. The owner shall bear the costs and expenses incident to the installation and connection or extension of water service to private property. He shall indemnify the city for any loss or damage directly or indirectly caused by its installation and connection. To the extent he deems necessary, the city Council shall establish rules and regulations for the proper implementation of these requirements which, when approved by the Council by Resolution, shall govern the installation, connection and extension of water service to private property.

6.107 General Water Regulations.

- (1) Discontinuance of Service. The City may discontinue service to any water consumer without notice for necessary repairs, or upon notice as provided in Paragraph 6.105(3), for nonpayment of charges, or for violation of rules and regulations affecting utility service.

- (2) Supply from One Service. No more than one house or building shall be supplied from one service connection except by special permission of the Council. Whenever two or more parties are supplied from one pipe connecting with a service main, each building or part of building supplied shall have a separate stop box and a separate meter.

- (3) Turning on Water, Tapping Mains. No person except an authorized city employee shall turn on any water supply at the stop box or tap any distributing main or pipe

of the water supply system or insert a stop cock or other appurtenance therein without a city permit.

- (4) Repair of Leaks. The consumer or owner shall be responsible for maintaining the service pipe from the main into the building served. If he fails to repair any leak in such service pipe within 24 hours after notice by the city, the city may turn the water off. The water shall not then be turned on again until repairs have been completed. When the waste of water is great or damage is likely to result from leak, the city shall turn the water off immediately upon the giving of notice if repair is not commenced immediately.
- (5) Use of Fire Hydrants. No person other than an authorized city employee shall operate a fire hydrant or interfere in any way with the city water system without first obtaining authority to do so from the City Council.
- (6) Private Water Supply. No water pipe of the city water supply system shall be connected with any pump, well, or tank that is connected with any other source of water supply. When any such connection is found, the Water Department shall notify the owner to sever the connection and if this is not done immediately, the city shall turn off the water supply forthwith. Before any new connection to the city system is permitted, the department shall ascertain that no cross connection will exist when the new connection is made.
- (7) Restricted Hours. Whenever the Council determines that a shortage of water supply threatens the city, it may, by Resolution, limit the times and hours during which city water may be used for sprinkling, irrigation, car washing, air conditioning, or other specified uses. After publication of the Resolution or two days after the mailing of the Resolution to each customer, no person shall use or permit water to be used in violation of the Resolution and any customer who does so shall be charged a fee set from time to time by Resolution of the Council for each day of violation and the charge shall be added to his next water bill. If the emergency requires immediate compliance with terms of the Resolution, the Council may provide for the delivery of a copy of the Resolution to the premises of each customer, and any customer who has received such notice and thereafter uses or permits water to be used in violation of the Resolution shall be subject to the charge provided above. Continued violation shall be cause for discontinuance of water service.
- (8) Permitting Use by Others. No person shall permit city water to be used for any purpose except upon his own premises unless permission is obtained from the City Council. Anyone wishing to obtain water from a hydrant for construction purposes shall make application to the City Council for such services.

6.108 Meters.

- (1) Meters Required. Except for the extinguishment of fires, no person other than an authorized city employee shall use water from the city water supply system or permit water to be drawn therefrom unless the water passes through a meter supplied or approved by the city. No person not authorized by the Water Department shall connect, disconnect, take apart, or in any manner change or interfere with any such meter or its use. Meters shall be installed by a licensed plumber at the owner's expense.
- (2) Maintenance. The city shall maintain and repair at its expense any 3/4 inch and smaller meter that has become unserviceable through ordinary wear and tear and shall replace it if necessary. Meters larger than 3/4 inch shall be maintained and replaced by owner on a regular basis. Where repair or replacement is made necessary by act or neglect of the owner or occupant of the premises it serves, any city expense caused thereby shall be a charge against and collected from the water consumer, and water service may be discontinued until the cause is corrected and the amount charged is paid.
- (3) Complaints; Meter Testing. When a consumer complains that the bill for any past service period is excessive, the city shall have the meter reread on request. If the consumer remains dissatisfied, he may, on written request and payment of a deposit in an amount set from time to time by Resolution of the Council, have the meter tested. If the test shows an error in the city's favor exceeding five percent of the water consumed, the deposit shall be refunded, an accurate meter shall be installed, and the bill shall be adjusted accordingly. Such adjustment shall not extend back more than one service period from the date of the written request.
- (4) Meters Property of City. Meters maintained by the City in Paragraph 6.108(3), are the property of the city and may be removed or replaced as to size and type when deemed necessary.

The service pipe shall be placed not less than six feet below the surface and to be so arranged as to prevent rupture by freezing. A shut-off or other stop cock with waste valve of the size and strength required shall be placed close to the inside wall of the building and be well protected from freezing. Copper tubing shall be used for all services from the main to the curb stop of two inches or less. Joints on copper tubing shall be as few as possible and not more than one

joint shall be used for a service up to 70 feet in length. Each joint shall be left uncovered until inspected by the city. Every service over two inches shall be cast iron from the main to the curb stop. Connections with the mains for domestic supply shall be at least 3/4 of an inch.

- a. The bottom of the meter shall be between 6 and 12 inches above the finished floor line. The meter shall be set not more than 12 inches horizontally from the inside line of the basement wall unless a different position is approved by the Water Department. A suitable bracket shall be provided to support the meter in a proper vertical position and prevent noise from vibration.
 - b. Each meter installation shall have a stop and waste valve on the street side of the meter. In no case shall more than 12 inches of pipe be exposed between the point of entrance through the basement floor and the stop and waste valve. A stop and waste valve shall also be installed on the house side of the meter.
 - c. Tile water pipe connecting with the main shall not exceed two feet under the basement floor from the inside of the basement wall to the water meter collection.
 - d. Meter setting devices for 5/8 inch, 3/4 inch, and one inch meters shall be of copper pipe or tubing from the terminus of the service pipe up to and including the stop and waste valve on the building side.
- (3) Location of Stop Boxes. Curb stop boxes shall be installed generally where desired by the owners of occupied properties, but they shall be placed as near as possible to the curb if on a street or within one foot of the alley line if the main is located in the alley. They shall be installed at an approximate depth of 6 inches below the established grade and shall be left in an accurate vertical position when back-filling is completed.

6.111 Penalties.

- (1) Upon determination that a user has violated or is violating applicable provisions of this Section or related permits, the authorized representative may issue a Notice of Violation. Within 30 days of such notification, the violator shall submit to the authorized representative an adequate explanation for the violation and a plan for the correction and prevention of such occurrences, including specific actions required. Submission of such a plan in no way relieves the violator of liability of any violation occurring before or after the issuance of the Notice of Violation.
- (2) Any person found to be violating any provision of this Section shall be guilty of a misdemeanor and shall be prosecuted accordingly. Each day in which any such violation occurs shall be deemed as a separate offense. Such fines may be added to the user's next water service charge, and will hence be subject to the same collection regulations as specified in Subsection 6.105, Para. (2) of this Section. Users desiring to dispute a fine must file a request for the authorized representative to reconsider within 30 days of the issuance of the fine. If the authorized representative believes that the request has merit, a hearing on the matter shall be convened within 30 days of the receipt of the request.
- (3) To collect delinquent water service charge accounts, the City may file a civil action suit or levy a lien against the violator, related attorney's fees fixed by court order shall also be collected. The violator shall be liable for interest on all balances at a rate of 18 percent annually.
- (4) Any person violating any of the provisions of this Section shall become liable to the City for any expense, loss or damage occasioned by the community or water system by reason of such violation.

6.205 Building Sewers and Connections Design.

- (1) No person(s) shall make any alterations to the public sewer or any appurtenances thereof without first obtaining a permit from the City. No private building drain shall extend beyond the limits of the building or property for which the permit has been given.
- (2) Any new connection to the sanitary sewer system shall be prohibited unless sufficient capacity is available in all downstream facilities including, but not limited to, capacity for flow, BOD₅, and TSS as determined by the authorized representative.
- (3) A separate and independent building sewer shall be provided for each building. Old building sewers may be used to service new buildings only when they are found to meet all requirements of this Chapter.
- (4) Whenever possible, the building sewer shall be brought to the building at an elevation below the basement floor. In all buildings in which any building drain is too low to permit gravity flow to the public sewer, wastewater shall be lifted by an approved means and discharged to the building sewer.
- (5) The construction and connection of the building sewer to the public sewer shall conform to the requirements of the State of Minnesota Building and Plumbing

Code, applicable rules and regulations of the City and the materials and procedural specifications set forth in the American Society of Testing Materials (ASTM) and the Water Pollution Control Federation (WPCF) Manual of Practice No. 9. Any person desiring a permit shall apply in writing to the City's governing council, providing satisfactory evidence of the applicant's qualifications. If approved by the Council, the permit shall be issued by a designated representative upon the filing of a bond as herein after provided.
- (9) A permit for sewer service connection installation shall not be issued until a \$2,000.00 bond or a \$300,000 cash bond to the community is filed and approved by the Council. The Contractor will indemnify the community from all suits, accidents and damage that may arise by reason of any opening in any street, alley or public ground, made by the Contractor or by those in the Contractor's employment.
- (10) The Council may suspend or revoke any license issued under this Section for any of the following causes:
 - a. Giving false information in connection with the application for a license.

 - d. Failure to adequately protect and indemnify the city and the user.

6.206 Use of Public Wastewater Treatment Facilities.

- (1) It shall be unlawful for any owner, occupant, or user of any premises to direct into or allow any storm water, surface water, or ground water to drain into the sanitary sewer system of the City. This includes: water from any roof, surface or ground sump pump, foundation drain or swimming pool. Dwellings and other buildings and structures which require a sump pump system to discharge excess water, shall have a permanently installed discharge line which shall not at any time discharge water into the sanitary sewer system, except as provided herein. A permanent

installation shall be one which provides for year-around discharge capability to either the outside of the dwelling, building or structure or is connected to the City storm sewer system or discharges to the street. It shall consist of a rigid discharge line, without valving or quick connections for altering the path of discharge and include a check valve if connected to the city storm sewer line. If the City has installed a sump pump drainage box in the boulevard area adjacent to a property, the property owner must directly plumb any sump pump or drain tile into said sump pump drainage box.

- a. Inspection. Every person owning improved real estate that discharges into the City sanitary sewer system shall allow an employee of the City or their designated representative to inspect the buildings to confirm that there is no sump pump or other prohibited discharge into the sanitary sewer system. Properties found to be in compliance will receive a certificate of compliance at the time of inspection. If a property owner replaces a water or sanitary sewer service line, an inspection shall be required to verify that drain tiles and sump pumps are not connected to the sanitary sewer system.
- b. Non-Compliance. On or before March 1, 1996, any person, firm or corporation having a roof, surface, ground, sump pump, foundation drain, or swimming pool and/or discharging into the sanitary sewer system shall disconnect and/or remove same. Any disconnects or openings in the sanitary sewer shall be closed or repaired in an effective and workmanlike manner. Any person refusing to allow their property to be inspected shall immediately become subject to the surcharge hereinafter provided for.
- c. Future Inspections. At any future time the City may conduct random inspections if the City has reason to suspect that an illegal connection exists on a property, to insure compliance with this Section.
- d. New Construction. A sump pump and rigid pipe discharge connection to the outside shall be required on all new construction within the City where a ground water drainage system is part of the construction plans.
- e. Temporary Winter Variance (November 1 through March 1). The City Council shall have the power and duty of hearing and deciding requests for temporary variances from the applicability of the provisions of this portion of the Section where strict enforcement would cause undue hardship because of circumstances unique to the individual property or cause a safety problem. This does not apply to monetary hardship. Application for a temporary waiver should be addressed in writing to the City of Walnut Grove. Waiver application forms are available from the City Clerk. The applications shall identify the property for which the variance is being applied for, the name of the property owner/applicant, and describe in detail what characteristics of the subject property create undue hardship or concern. Within 30 days after application, the City shall make their order deciding on the matter and serve a copy of such order upon the applicant

by mail. Upon receipt of an application for variance, the City will allow the property owner to temporarily discharge directly into the sanitary sewer system. Employees of the City will check the discharge and seal the connection of the discharge to the sanitary sewer using a meter seal. The cost of the connection to the sanitary sewer and subsequent removal will be \$10.00 per occurrence.

- f. Single Family Unit Surcharge. A surcharge of \$50.00 per month is hereby imposed and added to every sewer billing to property owners who are not in compliance with this Section on or before March 1, 1996. This surcharge is in addition to any other penalties that may be incurred under this Section. Should a single family unit property owner found to be in compliance with this Chapter and during a subsequent inspection found to have reconnected an illegal source to the sanitary sewer, the surcharge of \$50.00 per month will be applied for all months between the previous two inspections.
 - g. Non-Single Family Unit Surcharge. A surcharge of \$10.00 per day is hereby imposed and added to every sewer billing to property owners who are not in compliance with this Section on or before March 1, 1996. This surcharge is in addition to any other penalties that may be incurred under this Section. Should a non-single family unit property owner found to be in compliance with this Chapter and during a subsequent inspection found to have reconnected an illegal source to the sanitary sewer, the surcharge of \$10.00 per day will be applied for all months between the previous two inspections.
- (2) No person(s) shall discharge any of the following substances to the public sewer.
- a. Liquids, solids, gases, or other substances which singly or by interaction with others may cause fire or explosion.
 - b. Solid or viscous substances which may cause obstruction to the flow in a sewer.
 - c. Wastewater having a Ph of less than 5.0 or greater than 9.5 or having any other corrosive or caustic property capable of causing damage or hazard.
 - d. Wastewater containing toxic pollutants, as defined in Section 307(a) of the Water Pollution Control Act and Minn. Stat. 115.01 subd. 14.
- (3) Discharges of the following substances shall be limited to concentrations or quantities which will not harm the wastewater facility, streams, soils, vegetation, ground water, and will not otherwise create a hazard or nuisance. The authorized representative may set limitations lower than the prohibition limits outlined below. Consideration will be given to such factors as the quantity of waste in relation to flows and velocities, materials of construction, the community's NPDES and SDS permits, capacity of the treatment plant, degree of treatability of wastes and other pertinent factors.

- a. Wastewater having a temperature greater than 150°F (65.6°C), or causing, individually or in combination with other wastewater, the influent at the treatment facilities to have a temperature exceeding 104°F (40°C), or having heat in amounts which will be detrimental to biological activity in the treatment facilities.
 - b. Wastewater containing fats, wax, grease or oils in excess of 100 mg/l or containing substances which may solidify or become viscous at temperatures between 32°F and 150° F (0° C and 65.6°C).
 - c. A discharge of water or wastewater which in concentration or in quantity of flow exceeds for any period of duration longer than 15 minutes, more than 5 times the average 24-hour concentration of flows during normal operation.
 - d. Food wastes not properly shredded to such a degree that all particles will be carried freely under normal flow conditions with no particle greater than 1/2 inch in any dimension.
 - e. Noxious or malodorous liquids, gases, or solids.
 - f. Wastewater with objectionable color not removed in the treatment process.
 - g. Wastewater containing inert suspended solids in such quantities that would cause disruption to the wastewater treatment facilities.
 - h. Radioactive wastes or isotopes in concentrations that exceed limits established by applicable state and federal regulations.
 - i. Wastewaters with BOD₅ or suspended solids levels that require additional treatment, except as may be permitted by specific written agreement with the city.
 - j. Wastewater containing substances which cannot be treated to produce effluent quality required by the permit or causes a violation of any applicable local, state, or federal regulation.
- (4) In the event of discharges to the public sewers which contain substances or possess characteristics prohibited in Paragraphs (2) and (3) of this Subsection 6.206 or which in the judgement of the Representative, may have a deleterious effects to the treatment facility, receiving water, soils, vegetation, or which create a hazard or nuisance, the Representative may:
- a. Refuse to accept the wastes.
 - b. Require pretreatment to an acceptable condition for discharge to the public sewers, pursuant to Section 307(b) of the Act and all addenda thereof.

- c. Require control over the quantities and rates of discharge.
- d. Require payment to cover all the added costs of handling, treating, and disposing of wastes not covered by existing taxes or sewer charges.

If the Representative permits the pretreatment or equalization of waste flows, the design, installation, maintenance and efficient operation of the facilities and equipment shall be at the owner's expense and shall be subject to review and approval by the City pursuant to the requirements of the MPCA.

- (5) No user shall increase the use of process water or in any manner attempt to dilute a discharge as a partial or complete substitute for adequate treatment to achieve compliance with the limitations contained in this Section, the National Categorical Pretreatment Standards, and any state or local requirement.
- (6) Grease, oil and sand interceptors shall be provided at the owner's expenses when, in the opinion of the Representative, they are necessary for the proper handling of liquid wastes containing floatable grease in excessive amounts, any flammable wastes, sand or other harmful ingredients. All interceptors shall be readily and easily accessible for cleaning and inspection. The owner shall be responsible for the maintenance of interceptors, including proper removal and disposal of the captured materials by appropriate means, and shall maintain a record of dates and means of disposal which are subject to review by the Representative.

Any material removal and hauling must be performed by the owner's personnel or a currently licensed waste disposal firm and in compliance with all applicable laws and regulations.

- (7) Where required by the Representative, industrial users shall install and maintain at their own expense a suitable structure or control manhole with such necessary meters and other testing equipment needed to facilitate observation, sampling, and measurement of wastewater. The manhole will be safe and accessible at all times. The Council may require submission of laboratory analyses to illustrate compliance with this Section and any special conditions for discharge established by the Council or responsible regulatory agency. All measurements, tests and analyses to which reference is made in this Section shall be determined in accordance with the latest edition of Standard Methods of the Examination of Water and Wastewater, published by the American Public Health Association and kept for a period of one year.
- (8) Where required by the Representative, users shall provide protection from an accidental discharge of substances regulated by this Section. Where necessary, facilities to prevent accidental discharges of prohibited materials shall be provided and maintained at the owner's expenses. Detailed plans and operating procedures of said facilities shall be submitted to the Representative for review and approval prior to construction of the facility. Approval of such plans and operating

procedures shall not relieve user from the responsibility of modifying the facility as necessary to meet the requirements of this Section.

Users shall notify the Representative immediately if a slug or accidental discharge of wastewater occurs in violation of this Section. Notification will allow measures to be taken to minimize damage to the treatment facilities. Notification will not relieve users of liability for any expense, loss or damage to the treatment facilities or for fines imposed on the community or sewer district by any state or federal agency as a result of their actions.

A notice shall be permanently posted on the user's bulletin board or other prominent place advising employees of the emergency notification procedure in the event of a slug or accidental discharge.

- (9) No person shall permit any substance or matter which may form a deposit or obstruction of flow to be discharged into the public sewer. Whenever any service connection becomes clogged, obstructed, detrimental to the use of the public sewer, or unfit for the purpose of drainage, the owner shall make repairs as directed by the Representative.

Each day after 30 days that the owner neglects to make said repairs, shall constitute a separate violation of this Section. The Representative may then cause the work to be done and recover related expenses from the owner or agent by an action in the name of the community or sewer district.

- (10) In addition to penalties that may be imposed for violation of any provision of this Section, the City may assess against the user/owner the cost of repairing or restoring sewers and associated facilities damaged as a result of the discharge of prohibited wastes and may collect the assessment as an additional charge for the use of the public sewer system.
- (11) No statement contained in this Section shall prevent any special agreement or arrangement between the community of Walnut Grove and any industrial user. Industrial waste of unusual strength or character may be accepted by the facility for treatment, subject to adequate payment by the industrial user, providing that National Categorical Pretreatment Standards and the City's NPDES and SDS permit limitations are not violated.

6.207 Damage to equipment. No person(s) shall willfully or negligently break, damage, destroy, uncover, deface or tamper with any structure, appurtenance, or equipment which is part of the wastewater treatment facilities. Any person violating this provision shall be subject to immediate arrest under the charge of a misdemeanor.

- (2) Industrial users shall be required to provide information concerning industrial processes which have a direct bearing on the type and source of discharge to the collection system. An industry may withhold information considered confidential. However, the industry must establish that the information in question might result in an advantage to competitors and that the industrial process does not have deleterious results on the treatment process.

6.209 The Sewer Service Charge System.

- (1) The City of Walnut Grove hereby establishes a Sewer Service Charge System. All revenue collected from users of the wastewater treatment facilities will be used for annual operation, maintenance, replacement, and capital costs. Each user shall pay a proportionate share of operation, maintenance and replacement costs based on the users proportionate contribution to the total wastewater loading.
- (2) Charges to users of the wastewater treatment facility shall be determined and fixed in a Sewer Service Charge System (SSCS) developed according to the provisions of this Section. The SSCS adopted by resolution upon enactment of this Section shall be published in the local newspaper and shall be effective upon publication. Subsequent changes in the sewer service rates and charges shall be adopted by Council resolution and published in the local paper.
- (3) Revenues collected through the SSCS shall be deposited in a separate fund known as the Sewer Service Fund (SSF).
- (4) The community of Walnut Grove hereby establishes a Sewer Service Fund as an income fund to receive all revenues generated by the SSCS and all other income dedicated to the wastewater treatment facility.
- (5) The SSF administered by a designated representative shall be separate and apart from all other accounts. Revenues received by the SSF shall be transferred to the following accounts established as income and expenditure accounts:
 - a. Operation and Maintenance
 - b. Equipment Replacement
 - c. Debt Retirement for the treatment facility (if any)
- (6) Administration of the Sewer Service Fund:

- a. A designated representative shall maintain a proper system of accounts and records suitable for determining the operation, maintenance, replacement (OM&R) and debt retirement costs for the treatment facilities, and shall furnish the Council with a report of such costs annually.
- b. At that time the Council shall determine whether sufficient revenue is being generated for the effective management of the facilities and debt retirement. The Council will also determine whether the user charges are distributed proportionately. If necessary, the SSCS shall be revised to insure proportionality of user charges and sufficient funds.
- c. In accordance with State requirements, each user will be notified annually in conjunction with a regular billing of that portion of the Sewer Service Charge attributable to OM&R.
- d. Sewer Service Charges shall be billed on a monthly basis. Any bill not paid in full 60 days after the due date will be considered delinquent. At that time the user will be notified regarding the delinquent bill and subsequent penalty. The penalty shall be computed as 10% of the original bill and shall be increased by the same percent for every month the bill is outstanding.

6.210 Determination of Sewer Service Charges.

- (1) Users of the wastewater treatment facilities shall be permitted into one of the following classes:
 - a. Residential
 - b. Non-residential
 - c. Industrial
- (2) Charges to users who discharge NDSW will be calculated on the basis of metered water use.
- (3) Each user shall pay operation, maintenance and replacement costs in proportion to the user's contribution of wastewater flows and loadings to the treatment plant, with a minimum rate for loadings of BOD and TSS being the rate established for normal domestic strength waste (NDSW) concentrations.
- (4) Those industrial users discharging only segregated NDSW can be classified as non-residential users for the purposes of rate determination.
- (5) Charges for residential and non-residential users will be determined proportionately according to billable wastewater flow.

- a. RESIDENTIAL USERS: Billable wastewater volume for residential users shall be calculated on the basis of metered water usage. The monthly billable wastewater volume will be equal to the monthly metered water usage. The city may require residential users to install water meters for the purpose of determining billable wastewater volume.
 - b. NON-RESIDENTIAL USERS: Billable wastewater volume of non-residential users may be determined in the same manner as for residential users. The City may require non-residential users to install such additional water meters or wastewater flow meters as may be necessary to determine billable wastewater volume.
- (6) The Sewer Service Charges established in this Section will not prevent the assessment of additional charges to users who discharge wastes in concentrations greater than NDSW or of unusual character (industrial users). Special contractual agreements can be made with such users, subject to the following conditions:
- a. The user pays OM&R costs in proportion to the user's contribution of wastewater flows and loadings to the treatment facility, and no user is charged at a rate inferior to the charge for normal domestic strength wastes.
 - b. The sampling of wastewater shall be conducted in accordance with the techniques established in "Standard Methods for the Examination of Water and Wastewater," latest edition.

(7) Determination of User Charges

- a. For producers of Normal Domestic Strength Wastes:

$$U_{omr} = \frac{OM\&R}{T_{bwv}}$$

Where :

Such officers shall have the power to inspect private premises and take all reasonable precautions to prevent the commission and maintenance of public nuisances.

11.106 **Abatement.** Whenever the officer charged with enforcement determines that a public nuisance is being maintained or exists on premises in the city, the officer shall notify in writing the owner or occupant of the premises of such fact, and order that such nuisance be terminated and abated. The notice shall be served in person or by certified or registered mail. If the premises are not occupied and the owner is unknown, the notice may be served by posting it on the premises. The notice shall specify the steps to be taken to abate the nuisance and the time, not exceeding 30 days, within which the nuisance is to be abated. If the notice is not complied with within the time specified, the enforcing officer shall report that fact forthwith to the council. SECTION 11.2 – DUTCH ELM DISEASE

11.201 **Declaration of Policy.** The City Council of Walnut Grove has determined that the health of the elm trees within the municipal limits is threatened by a fatal disease known as Dutch Elm Disease. It has further determined that the loss of elm trees growing upon public and private property would substantially depreciate the value of property within the city and impair the safety, good order, general welfare and convenience of the public. It is declared to be the intention of the council to control and prevent the spread of this disease.

11.202 **Dutch Elm Disease Program.** It is the intention of the Council of Walnut Grove to conduct a program of plant pest control pursuant to the authority granted by Minnesota Statutes 1961, Section 18.022, as amended, and all other powers of the municipal corporation. This program is directed specifically at the control and elimination of Dutch Elm Disease fungus and elm bark beetle and is undertaken at the recommendation of the Commissioner of Agriculture. The city Maintenance Supervisor shall act as coordinator between the Commissioner of Agriculture and the Council in the conduct of this program.

11.203 **Nuisances Declared.**

- (1) The following things are public nuisances whenever they may be found within the city of Walnut Grove:
 - a. Any living or standing elm tree or part thereof infected to any degree with the Dutch Elm Disease fungus *Ceratocystis Ulmi* (Buisman) Moreau or which harbors any of the elm bark beetles *Scolytus Multistriatus* (Eichh.) or *Hylurgopinus Rufipes* (Marsh);
 - b. Any dead elm tree or part thereof, including logs, branches, stumps, firewood or other elm material from which the bark has not been removed and burned or sprayed with an effective elm bark beetle insecticide.
- (2) **Abatement.** It is unlawful for any person to permit any public nuisance as defined in subdivision 1 to remain on any premises owned or controlled by him within the City of Walnut Grove. Such nuisances may be abated in the manner prescribed by Section 11.206.

11.204 **Inspection and Investigation.**

- (1) **Inspection.** The Maintenance Supervisor shall inspect any premises and places within the city upon receipt of a report that any condition described in Subsection 11.203 exists thereon. He or she shall investigate all reported incidents of infestation by Dutch Elm fungus or elm bark beetles.

- (2) **Entry on Private Premises.** The Maintenance Supervisor or his or her duly authorized agents may enter upon private premises at any reasonable time for the purpose of carrying out any of the duties assigned him under this Section.
- (3) **Diagnosis.** The Maintenance Supervisor may, upon finding conditions indicating Dutch Elm infestation, send appropriate specimens or samples to the Commissioner of Agriculture for analysis or take such other steps for diagnosis as may be recommended by the Commissioner.

11.205 **Abatement of Dutch Elm Disease Nuisances.** In abating the nuisances defined in Section 11.204, the Maintenance Supervisor shall cause the infected tree or wood to be sprayed, removed, burned, or otherwise effectively treated so as to destroy and prevent as fully as possible the spread of Dutch Elm Disease fungus and elm bark beetles. Such abatement procedures shall be carried out in accordance with current technical and expert opinions and plans as may be designated by the Commissioner of Agriculture.

11.206 **Procedure for Removal of Infected Trees and Wood.**

- (1) Whenever the Maintenance Supervisor finds with reasonable certainty that the infestation defined in Subsection 11.204 exists in any tree or wood in any public or private place in the city, he shall notify the owner of the premises or area controlled by him (including boulevards) that a tree or trees infected with Dutch Elm Disease has or have been identified on the property, and that it shall be the responsibility of the owner to remove the diseased tree or trees at his own expense within 20 days; if the tree or trees are not so removed, the Maintenance Supervisor shall proceed as follows:
 - a. If the Maintenance Supervisor finds that the danger of infestation of other elm trees is not imminent because of elm dormancy, he shall make a written report of his finding to the council which shall proceed by (1) abating the nuisance as a public improvement under Minnesota Statutes Ch. 429 or (2) abating the nuisance as provided in Subsection 11.206.
 - b. If the Maintenance Supervisor finds that danger of infestation of other elm trees is imminent, he shall notify the property owner by certified mail that the nuisance will be abated within a specified time, not less than 5 days from the date of mailing of such notice. The Maintenance Supervisor shall immediately report such action to the council, and after the expiration of the time limited by the notice he may abate the nuisance.
- (2) Upon receipt of the Maintenance Supervisor's report required by Subd. 1, part a, the council shall by resolution order the nuisance abated. Before action is taken on such resolution, the council shall publish notice of its intention to meet to consider taking action to abate the nuisance. This notice shall be mailed to affected property owners and published once no less than one week prior to such meeting. The notice shall state the time and place of the meeting, the streets affected, action

proposed, the estimated cost of the abatement, and the proposed bases of assessment, if any, of costs. At such hearing or adjournment thereof the Council shall hear property owners with reference to the scope and desirability of the proposed project. The Council shall thereafter adopt a resolution confirming the original resolution with such modification as it considers desirable and provide for the doing of the work by day labor or by contract.

- (3) The Maintenance Supervisor shall keep a record of the costs of abatements done under this Section and shall report monthly to the city clerk all work done for which assessments are to be made stating and certifying the description of the land, lots, parcels involved and the amount chargeable to each.
- (4) On or before October 1 of each year the clerk shall list the total unpaid charges for each abatement against each separate lot or parcel to which they are attributable under this Section. The Council may then spread the charges or any portion thereof against the property involved as a special assessment under Minnesota Statutes Sec. 429.101 and other pertinent statutes for certification to the county auditor and collection the following year along with current taxes.

11.207 **Interference Prohibited.** It is unlawful for any person to prevent, delay or interfere with the Maintenance Supervisor or his agents while they are engaged in the performance of duties imposed by this Chapter.

11.208 **Penalty.** Any person, firm or corporation who violates Subsections 11.207 of this Section is guilty of a petty misdemeanor.

CHAPTER 12 TOBACCO

12.101 **Purpose.** Because the city recognizes that many persons under the age of twenty-one (21) years purchase or otherwise obtain, possess, and use tobacco, tobacco products, tobacco-related devices, electronic delivery devices, and nicotine or lobelia delivery products, and such sales, possession, and use are violations of both state and federal laws; and because smoking has been shown to be the cause of several serious health problems which subsequently place a financial burden on all levels of government; this Chapter shall be intended to regulate the sale, possession, and use of tobacco, tobacco products, tobacco-related devices, electronic delivery devices, and nicotine or lobelia delivery products, for the purpose of enforcing and furthering existing laws, to protect minors against the serious effects associated with the illegal use of tobacco, tobacco products, tobacco-related devices, electronic delivery devices, and nicotine or lobelia delivery products, and to further the official public policy of the State of Minnesota in regard to preventing young people from starting to smoke as stated in Minn. Stat. Section 144.391.

12.102 **Applicability and Jurisdiction.** Pursuant to Minnesota Statute § 461.12, this Chapter shall govern the licensing and regulation of tobacco, tobacco products, tobacco-related devices, electronic delivery devices, and nicotine or lobelia delivery products in the City of Walnut Grove.

12.105 **Fees.** No license shall be issued under this Chapter until the appropriate license fee shall be paid in full. The fee for every such license shall be established annually by resolution of the City Council.

12.106 **Basis for Denial of License.** The following shall be grounds for denying the issuance or renewal of a license under this Chapter; however, except as may otherwise be provided by law, the existence of any particular ground for denial does not mean that the City must deny the license. - (1) The applicant is under the age of twenty-one (21) years.
- (2) The applicant has been convicted within the past five years of any violation of a federal, state, or local law, City Code provision, or other regulation relating to tobacco or tobacco products, or tobacco-related devices.

- (5) The applicant is prohibited by federal, state, or other local law, City Code, ordinance, or other regulation, from holding such license.

12.107 **Prohibited Sales.** It shall be a violation of this Chapter for any person to sell or offer to sell any tobacco, tobacco product, tobacco-related device, electronic delivery device, or nicotine or lobelia delivery product:

- (1) To any person under the age of twenty-one (21) years.

12.108 **Vending Machines.** It shall be unlawful for any person licensed under this Chapter to allow the sale of tobacco, tobacco products, tobacco-related device, electronic delivery device, or nicotine or lobelia delivery product by the means of a vending machine.

12.109 **Self-Service Sales.** It shall be unlawful for a licensee under this Chapter to allow the sale of tobacco, tobacco-related devices, electronic delivery devices, or nicotine or lobelia delivery products by any means whereby the customer may have access to such items without having to request the item from the licensee or the licensee's employ and whereby there is not a physical exchange of the tobacco, tobacco-related device, electronic delivery device, or nicotine or lobelia delivery product between the licensee or his or her clerk and the customer. All tobacco, tobacco related devices, electronic delivery devices, or nicotine or lobelia delivery products shall either be stored behind the counter or other area not freely accessible to customers, or in a case or other storage unit not left open and accessible to the general public.

12.110 **Responsibility.** All licensees under this Chapter shall be responsible for the actions of their employees in regard to the sale of tobacco, tobacco products, tobacco-related devices, electronic delivery devices, or nicotine or lobelia delivery products on the licensed premises, and the sale of such an item by an employee shall be considered a sale by the license holder. Nothing in this section shall be construed as prohibiting the City from also subjecting the clerk to whatever penalties are appropriate under this Chapter, state or federal law, or other applicable law or regulation.

12.111 **Compliance Checks and Inspections.** All licensed premises shall be open to inspection by the city police or other authorized city official during regular business hours. From time to time, but at least once per year, the city shall conduct compliance checks by engaging, with the written consent of their parents or guardians, minors over the age of fifteen (15) years but less than eighteen (18) years, or by engaging minors over the age of eighteen (18) years but less than twenty-one (21) years, to enter the licensed premises to attempt to purchase tobacco, tobacco products, tobacco-related devices, electronic delivery devices, or nicotine or lobelia delivery products. Minors used for compliance checks shall not be guilty of unlawful possession of tobacco, tobacco products, tobacco-related devices, electronic delivery devices, or nicotine or lobelia delivery products when such items are obtained as a part of the compliance check. No minor used in compliance checks shall attempt to use a false identification misrepresenting the minor's age, and all minors lawfully engaged in a compliance check shall answer all questions about the minor's age asked by the licensee or his or her employee, and shall produce any identification, if any exists, for

which he or she is asked. Nothing in this Section shall prohibit compliance checks authorized by state of federal laws for educational, research, or training purposes, or required for the enforcement of a particular state or federal law.

It shall be an affirmative defense to the violation of this Chapter for a person to have reasonably relied on proof of age as described by state law. It is not a violation of this Chapter for an employee under the age of twenty-one (21) to sell tobacco products as part of their regular employment as long as they are otherwise in compliance with this Chapter.

12.116 **Severability and Savings Clause.** If any section or portion of this Chapter shall be found unconstitutional or otherwise invalid or unenforceable by a court of competent jurisdiction, that finding shall not serve as an invalidation or affect the validity and enforceability of any other section or provision of this Chapter.

SECTION 13.1 – BURNING REGULATIONS

13.101 **Definitions.**

- (2) **Open Fire.** Open Fire or Open Burning means a fire burning in a manner, whether concentrated or dispersed, which is not contained within a fully enclosed fire box, structure, or container, and from which the products of combustion are emitted directly to the open atmosphere without passing through a stack, duct, or chimney.
- (3) **Recreational Fire.** Recreational Fire means a fire set for cooking, warming, recreational, or ceremonial purposes, which is not more than three (3) feet in diameter by three (3) feet high, and has had the ground five (5) feet from the base of the fire cleared of all combustible material.
- (4) **Starter Fuels.** Starter Fuels means dry, untreated, unpainted wood or charcoal fire starter. Paraffin candles and alcohols are permitted as starter fuels and as aids to ignition only. Propane gas torches or other clean gas burning devices causing minimal pollution must be used to start an Open Fire.
- (5) **Wood.** Wood means dry, clean fuel only such as twigs, branches, limbs, pressed-wood logs, charcoal, cordwood, or untreated dimensional lumber. Wood does not include wood that is green, with leaves or needles, rotten, wet, oil-soaked, or treated with paint, glue or preservatives. Clean pallets may be used for recreational fires when cut to three (3) foot lengths.

13.102 **Recreational Fire.**

- (1) **Recreational Fire Site Requirements.** An area of no more than a three (3) foot diameter circle (measured from the inside of the fire ring or border); completely surrounded by non-combustible and non-smoke or odor producing material, either of natural rock, cement, brick, tile, or block of ferrous metal only and which area is depressed below ground, or on a raised bed. Included are permanent outdoor wood-burning fireplaces. Recreational fire sites shall not be located closer than twenty-five (25) feet to any structure. Burners are not a recreational fire site as defined herein.
- (2) **Recreational Fire Burn Requirements.** When a fire is used for recreational purposes, it must be ignited with an approved starter fluid using dry, clean wood; producing little detectable smoke, odor, or soot beyond the property line; conducted with an adult tending the fire at all times; extinguished completely

before quitting the occasion; and respecting weather conditions, neighbors, burning bans and air quality so that nuisance health or safety hazards will not be created. Mobile cooking devices such as manufactured hibachis, charcoal grills, wood smokers, and propane or natural gas devices, are not defined as recreational fires.

13.103 Open Burning Prohibited.

- (1) Open burning shall be prohibited within the City of Walnut Grove, Minnesota.
- (2) The use of burners or burn barrels for burning vegetative matter is prohibited.
- (3) No person shall conduct, cause, or permit open burning of rubber, plastics, chemically-treated materials, or other materials which produces excessive or noxious smoke including, but not limited to, tires, railroad ties, chemically-treated lumber, composite shingles, tar paper, insulation, composition board, sheetrock, wiring, paint, or paint filters.
- (4) No person shall conduct, cause, or permit open burning of garbage or discarded material resulting from the handling, processing, storage, preparation, serving, or consumption of food.

13.104 Exemptions. Open burning of the types and subject to the conditions, as hereinafter stated, shall be exempt from the prohibition of Section 13.103:

- (1) Recreational fires.

 - b. Fires set for the elimination of a fire hazard which cannot be abated by any other practicable means.
 - c. Fires purposely set for forest and game management purposes.
 - d. Permanent tree and brush open-burning sites. A permit for the operation of a permanent tree and brush burning site may be given by the commissioner or agent of the commissioner.
- (3) Exemption to conduct fires under this section does not excuse a person from the consequences, damages or injuries which may result therefrom, nor does it exempt any person from regulations promulgated by the Minnesota Pollution

Control Agency or any other governmental unit exercising jurisdiction in matters of pollution or fire hazard regulation.

- (4) Mobile cooking devices such as manufactured hibachis, charcoal grills, wood smokers, and propane or natural gas devices.

13.105 **Rules Adopted by Reference.** Minnesota Statutes 88.02 through 88.22, 88.75, 88.76 and the Minnesota Uniform Fire Code are hereby adopted by reference and made a part of this Section as if fully set forth at this point.

- (2) In addition to any penalty provided under Subdivision A of this Section, the City and/or Fire or Police Departments may seek reimbursement of any costs, either through restitution in a criminal proceeding or in a separate civil proceeding, that are incurred as a result of the violation of this Section or enforcement of this Section.

13.107 **Authority to Extinguish.** This Chapter will provide the Police Department with authority to put out any fires that are deemed to be in violation of this Chapter. 14.113 Adoption of Unredeemed Dogs and Cats. If any dog or cat impounded pursuant to this Section is not redeemed by its owner, it may be made available for adoption as a pet by and at the discretion of the animal control officer.

14.114 Spaying or Neutering Required. Spaying or Neutering Required. When a dog or cat not previously sterilized is sold or released for adoption by the animal control officer, the buyer or adopting party must:

- (1) Sign a written agreement to have the dog or cat sterilized. If the dog or cat is less than six (6) months old, the buyer or adopting party shall agree to have the dog or cat sterilized by the age of six (6) months. - (2) Deposit with the animal pound a fee to help cover the cost of sterilization and administration. The fee shall be set by the City Council upon recommendation by the animal control officer.
- (3) Upon receipt by the animal control officer of a signed statement from a veterinarian attesting that the dog or cat has been sterilized, the animal control officer shall remit the deposited fee, less any administrative fee, to the veterinarian.
- (4) No person having agreed in writing to have a dog or cat sterilized pursuant to this Section shall intentionally fail or refuse to have such sterilization performed within the time specified in the agreement. Further, the animal control officer is authorized to seize any dog or cat which the owner has failed to sterilize in accordance with this section and to resell the dog or cat or destroy the dog or cat accordingly. In such a case, the fee deposited with the animal pound shall be forfeited.
- (5) Upon written application by the buyer or adopting party, the animal control officer may waive the provisions of this Section requiring sterilization, upon showing that the dog or cat is a verifiable purebred breeding dog or cat.
- (6) Nothing in this section shall be construed to authorize the animal control officer to sterilize a dog or cat which has been reclaimed by its owner, or for which the period to reclaim as owner has not expired.

14.115 **Immobilization of Dogs and Cats.** For the purpose of enforcement of this Section, any peace officer, or person whose duty is animal control, may use a so-called tranquilizer gun or other instrument for the purpose of immobilizing and catching a dog or cat.

14.116 **Barking Dogs.**

- (1) It shall constitute a nuisance and be unlawful if any dog barks, whines, howls, bays, cries or makes other noise excessively so as to cause annoyance, disturbance or discomfort to any individual provided that such noise lasts for a period of more than five minutes continuously or intermittent barking that continues for more than one hour and is plainly audible from a distance of 100 feet or more from the premises where the dog is kept. It shall not be a violation of this section if the dog was

barking, crying or making other noise due to harassment or injury to the dog or a trespass upon the premises where the dog is located.

- (2) **Penalty.** A first-time violation of this section shall be deemed a petty misdemeanor. Any subsequent violation shall be a misdemeanor.
- (3) **Seizure of Barking Dogs Noise Abatement.** Any police officer or animal control officer may enter onto private property and seize any barking dog, provided that the following conditions exist:
 - a. There is an identified complainant other than the police or animal control officer making a contemporaneous complaint about the barking.
 - b. The officer reasonably believes that the barking meets the criteria set forth in Paragraph (1), above;
 - c. The officer can demonstrate that there has been at least one previous complaint of a dog barking at this address on a prior date;
 - d. The officer has made reasonable attempts to contact the owner of the dog(s) or the owner of the property and those attempts have either failed or have been ignored.
 - e. The seizure will not involve forced entry into a private residence. Use of a passkey obtained from a property manager, landlord, innkeeper, or other person authorized to have such a key shall not be considered as a forced entry.
 - f. No other less intrusive means to stop the barking is available; and,
 - g. Written notice of the seizure is left in a conspicuous place if personal contact with the owner of the dog is not possible.
- (4) **Disposition of Seized Dogs.** Any dog seized under the provisions of Paragraph (3), above, shall be taken to the animal pound and kept there to be reclaimed by the owner. No impound fee shall be charged unless the circumstances indicate that the owner failed to cooperate with or obstructed the animal control or police officer's attempts to abate the noise through other less intrusive means. The owner shall pay all other fees required under this Section. Any dog or cat seized under Paragraph (3) which is unclaimed may be disposed of according to the provisions of Section 14.113.

14.117 Interfering With Animal Control Officer. No person shall in any manner molest, hinder or interfere with the animal control officer, his agents, any police officer, or any other individual employed directly or by contract with the city to capture dogs or cats and convey them to the animal pound while such person is engaged in such operation.

14.118 **Dangerous Dogs.** No person may own, possess, keep, harbor, maintain or otherwise have a dangerous dog in the city.

- (1) **Notice of Potentially Dangerous or Dangerous Dogs.** If, after an investigation conducted by the animal control officer or a Walnut Grove Police Officer, it is determined that a dog is potentially dangerous or dangerous according to the criteria described in Section 14.101, the animal control officer or Walnut Grove Police Department will serve a notice on the owner of the dog in question of intent to declare the dog potentially dangerous or dangerous. This notice shall inform the owner of this designation, the basis for the determination, the procedures for contesting the designation as described in Subdivision 4, below, and the result of the failure to contest the designation as described in Subdivision 8, below.
- (2) **Contesting Declaration of Dangerous or Potentially Dangerous Dogs.** If the owner of a dog has received a notice of intent to declare a dog as potentially dangerous or dangerous, the owner may request that a hearing be conducted to determine whether or not such a designation is justified. This request must be made in writing and delivered to the animal control officer or Walnut Grove Police Department within fourteen (14) days of receipt of the notice of intent to declare a dog as potentially dangerous or dangerous.
- (3) **Initial Review.** Upon receipt of such request, the animal control officer or Walnut Grove Police Department will forward the request, along with all necessary supporting documentation, to the City Attorney. The City Attorney will make an initial review of the evidence supporting the notice designation to convene a hearing of the Animal Control Review Panel. If there is insufficient evidence supporting the designation, the City Attorney shall withdraw the designation and none of the requirements of this Chapter applying to dangerous or potentially dangerous dogs shall apply to the dog in question. If there is sufficient evidence that the Review Panel could uphold the designation, the City Attorney will cause this notice to be brought to the attention of the Review Panel that will conduct the hearing.
- (4) **Hearing Procedure.** This Review Panel will consist of two council members as appointed by the Mayor, and an elector who resides within the City. The panel will schedule a hearing and may call witnesses and review documents as needed to make a determination on the issue. Owners shall have the right to present evidence on their behalf and to cross examine any witnesses. A simple majority of the members of the panel is necessary for a finding that the dog is either dangerous or potentially dangerous. The burden of proof is on the animal control officer or the Walnut Grove Police Department. A finding supporting a designation of dangerous or potentially dangerous dog must be proven by a preponderance of the evidence. The decision of the Panel shall be in writing and shall indicate the reasons for the findings. A copy of the findings shall be

provided to the animal control officer, Walnut Grove Police Department, and the dog owner.

- (5) **Effect of Findings that Dog is Dangerous.** If the panel finds there is sufficient basis to declare a dog as potentially dangerous or dangerous, that finding will serve as notice to the owner that the dog is in fact a potentially dangerous or dangerous dog. Within fourteen (14) days after the owner has received notice that the dog is dangerous, the owner must cause the dog to be humanely destroyed or removed from the City limits.
- (6) **Appeal.** If the owner of the dog disputes the decision of the Review Panel, the owner shall have the right to appeal the decision to the Walnut Grove City Council. The appeal must be filed with the City Clerk within fourteen (14) days of the panel's ruling. If the owner of the dog disputes the findings of the City Council, the owner may appeal to the Minnesota Court of Appeals as provided by state law.
- (7) **Mayor to Appoint Veterinarian and Substitute Panel Members.** The Mayor of the City of Walnut Grove may appoint a veterinarian to serve on the hearing panel on a voluntary basis in lieu of the elector. Such appointment shall continue in effect until the appointee resigns or is replaced by the Mayor. In the event the veterinarian is temporarily unavailable or has a personal interest in the outcome of the proceeding, the Mayor may appoint another veterinarian to replace the initial appointee on the Panel. In addition, in the event either of the City Council members are temporarily unavailable or have a personal interest in the outcome of the proceeding, the Mayor may appoint other members of the City Council or City staff to sit in their place.
- (8) **Failure to Contest Notice of Intent to Declare.** If the owner of a dog receives a notice from the animal control officer or Walnut Grove Police Department of the intent to declare the dog as potentially dangerous or dangerous, and the owner fails to contest that notice within fourteen (14) days, the owner shall be considered as having forfeited the right to the hearing described in Subdivision D and as having consented to the designation of the dog as potentially dangerous or dangerous by default. The animal control officer or Walnut Grove Police Department will then issue a declaration of dangerous or potentially dangerous dog to the owner. Within fourteen (14) days after the owner has received notice that the dog is dangerous, the owner must cause the dog to be humanely destroyed or removed from the City limits.
- (9) **Seizure of Dangerous Dogs and Violations.** The animal control officer or any police officer shall immediately seize any dangerous dog and/or issue a citation to the owner of any dangerous dog if within fourteen (14) days after the owner has received notice that the dog is dangerous, the dog is not humanely destroyed or removed from the City limits.

- (10) **Exemptions.** Dogs may not be declared dangerous if the threat, injury or damage was sustained by a person:
- a. who was at the time of injury committing or attempting to commit a willful trespass or other tort or crime upon the premises occupied by the dog; or
 - b. who was provoking, tormenting, teasing, abusing, or assaulting the dog or who can be shown to have repeatedly, in the past, provoked, tormented, teased, abused, or assaulted the dog.
 - c. Who was committing or attempting to commit a crime.
- (11) **Law Enforcement Exemption.** The provisions of this Section do not apply to trained dogs used by law enforcement personnel officials for police work.

14.119 Non-Domestic Animals. It shall be illegal for any person to own, possess, harbor, or offer for sale, any non-domestic animal within the City limits. Any owner of such an animal at the time of adoption of this Code shall have thirty days in which to remove the animal from the City after which time the City may impound the animal as provided for in this Section. An exception shall be made to this prohibition for animals specifically trained for and actually providing assistance to the handicapped or disabled, and for those animals brought into the City as part of an operating zoo, veterinarian clinic, scientific research laboratory, or a licensed show or exhibition.

14.120 Kennels.

- (1) **Definition of Kennel.** The keeping of three or more dogs or three or more cats or any combination of 3 dogs and cats, on the same premises, whether owned by the same person or not and for whatever purpose kept, shall constitute a “kennel,” except that a fresh litter of pups or kittens may be kept for a period of three months before such keeping shall be deemed to be a kennel.
- (2) **Kennel as a Nuisance.** Because the keeping of three (3) or more dogs or three (3) or more cats or any combination of three (3) dogs and cats on the same premises is subject to great abuse, causing discomfort to persons in the area by way of smell, noise, hazard, and general aesthetic depreciation, the keeping of three or more dogs or three or more cats or any combination of three (3) dogs and cats on the premises is hereby declared to be a nuisance and no person shall keep or maintain a kennel within the City. Those who have previously reported the keeping of three (3) or more dogs or cats or any combination of dogs and cats to the City Clerk at which time the Clerk documented the exception will be allowed the exception only until the death of the current pets, and it will not be extended for any new cats or dogs. The owner must license all dogs and cats kept on their property.
- (3) **Penalty.** A violation of this section shall be deemed a petty misdemeanor.

14.121 **Enforcement.** The animal control officer or police officer may enter upon private land where there is reasonable cause to believe this Chapter is being violated. Any person who brings a dog or cat into the City is subject to this Chapter.

14.122 **Summary Destruction.** Notwithstanding the provisions set forth in this Chapter establishing the procedure to declare a dog dangerous, whenever the animal control officer or a police officer has reasonable cause to believe that a particular dog or cat presents a clear and immediate danger to residents of the City because it is infected with rabies or because of a clearly demonstrated vicious nature, said officer, after making reasonable attempts to impound such dog or cat, may summarily destroy said dog or cat.

14.123 **Penalties.** Unless otherwise specified, violations of this Chapter are declared to be misdemeanor offenses and are punishable by a fine and/or jail in that amount which may be lawfully prescribed by a municipality for a City Code violation that is defined as a misdemeanor.

SECTION 14.2 – THE RAISING AND KEEPING OF HORSES, CATTLE, OR OTHER LIVESTOCK FORBIDDEN

14.201 **Livestock.** No person shall keep livestock within the corporate limits of the City of Walnut Grove. The term “livestock” means a typical farm animal kept for agricultural use, pleasure or profit, including but not limited to horses, mules, sheep, goats, cattle, swine, rabbits and mink.

14.202 **Exemptions.** Premises where livestock are kept within the corporate limits of the City of Walnut Grove prior to July 15, 1996 shall be exempt from this Section, except as nuisance violations shall apply. Exemption from this Section for any species of animals is continued upon compliance upon all of the following provisions:

- (1) That any interruption in the keeping of such livestock upon the premises within the corporation limits of the City of Walnut Grove must not exceed six (6) months;
- (2) That the acreage upon the premises within the corporate limits of the City of Walnut Grove where such livestock are kept shall not be reduced by any cause, including sale of inclusive real property or expiration of a lease to said property; and
- (3) The number of such livestock shall not exceed that which existed upon the premises prior to July 15, 1996.

This Section shall not apply to horses kept in the City temporarily for twenty-four (24) hours or less.

14.203 **Penalty.** Any persons convicted of violating any provisions of this Section shall be guilty of a misdemeanor.

SECTION 14.3 – RAISING AND KEEPING OF POULTRY
